

What volunteers have to say about their experience volunteering with 2nd Chance 4 Pets (updated September 2011, from www.volunteermatch.org)

by Kevin D.

With the free time I had on my hands I wanted to volunteer with an organization that provided a service which I feel strongly about. Animals, and assisting to provide them with further shelter for the duration of their time with us, was definitely top of my list. I found 2nd Chance 4 Pets, applied - despite living in the U.K. - and was immediately accepted. This worldwideweb not only offers us the opportunity to communicate with others around the globe, but it can also help great organizations like this to further its work. Over the past year I have worked with the most friendly, easy-going staff, which is always a plus in my books. The requests are never demanding but always rewarding, whether that be to myself, to the animal helped or to the person who we have put into contact with the pet. I'm proud to volunteer for 2nd Chance 4 pets and hope their work continues benefitting our eternal companions

Amy at 2ndChance4Pets has a heart of gold. Her love and devotion to animals is unwavering. 2ndChance4pets is an intelligent, inspiring, and necessary educational achievement for which I am so very proud to serve. Lifetime care after an owner's death or disability is far too often overlooked. Amy has seen to it that as many people as possible consider the future of their pets through 2ndChance4Pets.

As the adoptive mother of a wonderful little creature who'd spent 6 months in her vet's boarding facility because her owner did not come home from the hospital, I know first-hand the need and the importance of 2nd Chance 4 Pets. I am very glad to have found this organization and this remarkable volunteer opportunity. Though a relatively new volunteer, my interactions with the staff have been exceptional – these caring, dedicated people are working to assure long and secure futures for pets and peace of mind to the humans who love them. As other reviewers have noted, volunteer duties are varied, low pressure, allow for and encourage individual input, and many can be done at home. To anyone who wants to make a difference for pets and feel appreciated and gratified while doing so, I highly recommend volunteering with 2nd Chance 4 Pets.

2nd Chance 4 Pets is a wonderful organization with a mission that I am very passionate about! I have been a volunteer with them since 2009. 2nd Chance gives me the opportunity to volunteer on a number of different and interesting projects from the comfort of my own home. The work is also always very flexible and I can do it when I have the time whether it is during the day or in the middle of the night. If you are looking for a new volunteer opportunity I would definitely recommend 2nd Chance 4 Pets.

I've been volunteering with 2ndChance4Pets since 2007 and it's been one of the best things I've ever done. The team is organized, smart and dedicated to the overall well being of animals. The projects are clearly explained, virtual and have deadlines that are very realistic to meet. I highly recommend this organization to volunteer with and hope others will take the time to give back to the well being and safety of the little animals out there.

I've been a virtual volunteer with 2nd Chance 4 Pets for the past three years. The organization provides a much needed service and makes me feel like I'm helping to make a difference for family pets and their guardians. Amy is delightful to work with, is appreciative and responds quickly to any questions I might have. She always gives me plenty of time to complete a task and I always have the option of saying 'no' to a particular project if I don't think it's right for me or I'm too busy at the moment. I plan on continuing to volunteer with 2nd Chance as long as they need me!

2nd Chance does great work, and they treat their volunteers really well. They always give me tons of time to edit, and they don't mind if I'm busy for a while. Plus, they take my suggestions seriously, they answer my questions when I have them, and they're never critical of the work that I do. I love Amy, and I love volunteering for 2nd Chance because I can contribute to a great cause--on my time.
